Description

A very small proportion mahogany and boxwood inlay bracket clock. It has a Gothic lancet top, quartered side columns with brass capitals and brass feet. The silvered dial has an engraved chapter ring and a chime silent and regulation dial within the arch. It has a good quality 8 day movement by W& H (Winterhalder and Hoffmeier) and strikes the hours and halves on a gong. If you would like to receive a video clip of this clock ticking and striking please email us.
