Description

A good quality early 20th Century mantel clock in the shape of a Napoleons hat. It has an oak case with a shaped plinth, a convex engraved and silvered dial signed by the original retailer Searle of London. It has a cast brass bezel with a convex bevel edge glass. The 8 day movement has Westminster chimes (Big Ben) and sounds the hours and quarters on chime bars. It has a lever platform and so does not require any setting up.
