

Light Mahogany Fusee Dial Clock

Sold

REF: 376114

Depth: 15 cm (5.9")

Diameter: 40 cm (15.7")

## Description

An early 20th Century solid mahogany cased circular dial clock. It has a turned outer rim, a brass bezel and a painted 12 inch dial signed by the original maker/retailer. It has an 8 day fusee movement with stopwork to prevent overwinding.
