Description

A good quality walnut Vienna regulator wall clock made by Lenzirch. It has a plain appearance, with a light walnut finish and a with a simple serpentine pediment and shaped base, with glass sides. The two piece white enamel dial has spade hands. The 8 day movement strikes the hours and halves on a gong, it has a dead beat escapement for accurate time keeping and maintaining power so when wound it it does not lose time. It was made by Lenkirch of The Black Forest in Germany and is numbered 1,620092 dating it to 1909.
